

**CALL FOR DONATIONS
November 13th – December 31th, 2020**

Created in 2019, the Fonds pour une Presse Libre (FPL) is the first endowment fund in France that supports free and independent media, particularly for the benefit of the online press for political and general information. At a time of upheaval brought about by the digital revolution, the Fund's mission is to defend press pluralism, protect freedom of information and independence of journalism.

The purpose of the Fund is to help the media gain their independence to enable them to build and transmit quality information. However, this is only possible if the media achieve economic independence.

The Fund recently launched its first call for projects to support the creation and development of these media.

Why does the Fund need your support?

The Fund needs your support to launch its second call for projects in the first quarter of 2021. 200,000 will enable the FPL to continue its action and provide more assistance to media in difficulty. Your donations will be used for:

- Provide technical assistance in the design of projects
- Granting financial assistance for the implementation of projects

You can make a donation directly on the [Free Press Fund](#) website, by cheque or bank transfer. Donations to the FPL are deductible up to 66% of your income tax (up to 20% of taxable income) if you are an individual, and 60% if you are a company.

Thanks to your donations, the FPL supports the independent media and thus contributes to the construction of a real ecosystem of independent press.
